Reference line : Appreciation for Excellent efforts

Date : 24/04/2015

Dear Mr. Kalpesh Shah,

We would like to put on record our sincere appreciation for the Excellent efforts put in by you in the successful execution of the orders placed by M/s. Zuari, on you for Scrubbers.

The unique design of the scrubbers posed challenges in terms of understanding the intricacies, to control distortion and to maintain dimensional accuracy. You have taken all the inputs possible from our team and ensured that the same is followed by your team. Your team members came up with very good ideas and they were also very open to all our suggestions. These efforts contributed to successful completion of the order. You had also put in efforts to make "to scale" drawings and templates for the tangential entry nozzles which ensured that dimensional accuracy is well maintained.

Please keep up the good work and continue to actively contribute in successful and Timely completion of TKIS projects with the Right Quality while being very competitive.

With Best Regards

D. K. Julka
Executive Director – Implementation
